Sub-Millisecond Active Defense: A Kernel-Level Approach to Cyber-Physical Attack Mitigation

Aryorithm Research Collective
IEEE S&P 2026 (Accepted)
DOI: 10.1109/SP.2026.0042

Placeholder PDF generated for the Aryorithm research library.
The final camera-ready paper will replace this document.

This one-page preview is intentionally minimal so the publication link remains available while the full paper is prepared.
